- You were unable to pay rent starting March 1, 2020 or thereafter.
- You have received a Notice to Quit from your landlord.
- Your household's current gross annual income is below 50% of the 2020 Area Median Income (AMI).

2-1-1 staff will conduct an initial screening to determine which programs may be available to assist you. Please make every attempt to remain in contact with your landlord, and to make rental payments.

If you find yourself in immediate need of emergency shelter, dial 2-1-1 or access online assistance at <https://www.211ct.org/> for connection to your local Coordinated Access Network.
